

REMARKS

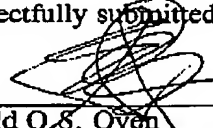

In paragraph 7 of the Detailed Action, the Examiner indicated that claims 3, 4, 7, 8, 11, 12 and 17 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The applicant has amended claim 1 to include the subject matter of claim 3. Claim 1 is now directed to a metallic membrane comprising palladium and a pressure range of about 1,000 psig to about 3,000 psig. Dependent claim 3 has been cancelled. Claims 6, 9, 10, 13 and 14 have also been cancelled. With the amendment of claim 1, it is submitted that the remaining claims, which are dependent directly or indirectly on claim 1, are allowable.

Favorable action and early allowance of the amended claims are respectfully requested.

Respectfully submitted,
